OAR TECHNOLOGY HELPLINE

1.800.436.8919

It's here . . . It's free

Members have been telling us for years they need help with the increasingly complex world of technology. As we all know, magazine articles and sporadic training sessions are just not enough. When even the most advanced computer system or software develops a glitch, you need help NOW!

Now you can turn to OAR's Tech Helpline. Live, immediate help is available for that computer related dilemma. When your business is suffering a breakdown due to technology troubles, just call OAR's Tech Helpline.

Benefits of the Technology Helpline . . .

- An exclusive service, free to ALL members of OAR
- Real, live people, not an automated system, are on hand to answer your questions
- When a technology crisis hits, getting help quickly and easily can make a difference to the bottom line. The sooner the problem is solved, the sooner you're back in business.
- Since the service comes from OAR, you know that the experts offering technology advice are representing your best interests and not trying to push a specific product.
- As a REALTOR® service, those operating the Tech Helpline understand the real estate business.

The Helpline Advantage . . .

Helpline means on-time. Don't let a computer glitch delay that appointment or frustrate your schedule. Live help is available 9 to 5, Monday through Friday.

Cost . . . It's FREE! There is no charge for this service . . . just make the call.

No limitations. No restriction is placed on the length of the call, or on how many calls you can make.

Expert support. Our customer professionals not only have the technological expertise, they are experienced in the world of real estate and will speak to you in a language you understand.

Comprehensive Coverage . . .

- Operating Systems (Windows and Mac)
- Major Web design software
- Microsoft Office products
- The Living Network
- Real estate specific software
- Digital cameras, PDAs (i.e. Palm Pilots)
- Hardware (PC and Mac)
- Internet browsers
- Peripherals (scanners, printers, etc.)
- And much more!

(No coverage will be offered on MLS hardware or software and no specific purchase recommendations will be made.)

Technology questions? . . . We've got the answers!
